

## Background Music on a City Street

Hittin' the scene

My evening serene

Enjoying my crisp crème brûlée

Dated, sated and glib

I pull off my bib

And return to my chariot bae

Chorus:

Oh vroom vroom vroom

My ride in the city

My bass go boom boom boom

She's a smooth glidin' beauty

I polish her and feed her

High octane to make her purr

Oh vroom vroom vroom

My ride in the city

I cannot comprehend

The scene at street's end

Where I'd slotted my sea foam 4-wheeler

The rage builds inside

And shoots bolts from my eyes

As a tow truck pulls bae up the trailer

[Chorus]

"Howdy!", says a dude

In a jovial mood

"I saved your truck from blockin' that drive

But I must confess

If you pay *now* it costs less

And saves a trip to the lot down I-5"

[Chorus]

I struggle within -

My parking karma's in the bin! -

But I finally pull out my wallet

For as much as I squall

You can't win them all

And you gotta know when to call it

[Chorus]

For Lili
